Table Updated: December 28, 2021

* The campus stopped enrolling new students in April 2022

Textbooks are included in the undergraduate tuition and are provided as eBook or hard copy at the School's discretion. When electronic books are issued, hard copies may be purchased at an additional cost.

Book Costs and Opt-Out Policy - The School has an arrangement with a third-party textbook provider that enables the School to make required books available to students below competitive market rates. These book costs are included in tuition, and the School provides these books to students, without additional charges, by the seventh day of the financial aid payment period. Opting out of the included books and automatic delivery of required print/electronic books and materials, is not recommended. However, students wishing to opt-out of receiving their books from the School may obtain an Opt-Out and Waiver of Supplied Books Request form by requesting one from a Financial Aid planner or student services advisor, and complete and return the form to the Financial Aid planner at least 10 days before the beginning of the term. Students who register late and wish to opt-out may receive books automatically delivered, and must return such automatically delivered books in new, unused condition. As there is no additional charge for books, opting out of receiving books from the School will not result in any change to tuition.

The tuition table only applies to:

1. New enrolling students. A new student is defined as a student who has never attended a Zenith Education Group school or has graduated and enrolled in a new program; or
2. Re-entering students who have withdrawn and are re-entering greater than 180 days from their withdrawal date (The withdrawn time period is calculated from the student's withdrawal date to the new module or term start date.); or
3. Re-entering degree students who are re-entering within 180 days

For re-entering diploma students who have withdrawn and are re-entering within 180 days, the following tuition charges apply:

- Same Program (Same / New Program Version): Will be charged tuition at the original tuition rate reflected on the original enrollment agreement less the amount charged on the prior period of enrollment (Charges plus or minus any tuition adjustments).
- Same Program (New Program Version of Different Credits / Length of Program): Will be charged tuition at the current catalog rate for the program of enrollment less the amount charged on the prior period of enrollment (Charges plus or minus any tuition adjustments).
- Different / New Program (Program Change): Will be charged tuition at the current catalog rate for the program of enrollment. A tuition credit will be determined for the student's prior period of enrollment.
