ADDENDUM: The Nursing program has been updated to the catalog.

NURSING

Associate of Applied Science Degree
 24 Months - 108 Credit Units

The Associate of Science Degree, Nursing program, will prepare the nursing student for entry level roles of the registered nurse in the ever-evolving health care field. The program includes a focus on theories, concepts, and principles of nursing. It also delves into the important area of leading and managing as well as pertinent legal issues faced by nursing leaders and managers. A graduate of this nursing program will be prepared to assume the entry level role of health provider in a global society. He or she will be able to deliver culturally proficient care while meeting the physical, spiritual and psychosocial needs of clients.

At the completion of this program, the nursing student will be prepared to take the NCLEX-RN exam for registered nursing licensure. Once licensed, the individual may use the title of Registered Nurse and practice in entry-level staff positions in various health care agencies.
